**s.38****Listen and draw**

Hi! This is a picture of my country house. However, some things are missing from the picture and I need your help to finish it.

Listen carefully!

Look at the house. It's a nice little house, but it needs a door and a window. Draw a door and a window on the house.

In the middle of the picture, beside the house, there is a tree. It's almost as big as the house. Draw the tree.

Now. It is a really sunny day - but in this picture - there is no sun at all. Draw a big sun in the left corner, right above the house.

I hope you know what a mountain is Do you? When it snows, you can go skiing down it. Now draw three mountains in the background of the picture.

I love animals! Especially cats! Draw a cat on the small stone.

To get to the house we need a road. Draw a road from the bottom right corner of the picture to the house.

Great! That's all! Thanks a lot for helping me out!

What are they talking about?

You are going to listen to ten situations. Choose the correct answer to the questions. You will hear the dialogues once.

### **1. Where are they?**

W: Oh, we have been walking around for hours. Are you sure you don't remember which floor?

M: No. I am sorry. I thought it was on the third floor. I was in such a hurry when I came here yesterday.

W: OK, maybe we should split up?

M: Yes. Remember to look out for a red Volvo.

W: A red Volvo? I thought you brought your mum's car?

M: Oh, no, sorry! Now I remember! I borrowed my brother's blue Toyota!

W: Ahhh!

### **2. What are they going to do?**

- My bag's nearly full. What else do we need?

- Have you got your pyjamas?

- Yes. And I've got my toothbrush. Do we need to pack towels?

- No! Alice's mum has got lots of towels.

- OK. We're ready then. Dad? Can you drive us to Alice's house, please? Alice's mum will bring us back in the morning.

### **3. Who are they talking about?**

W: He's lovely! What's his name?

M: He's called Charlie.

W: How old is he?

M: He's only three months old! We got him two weeks ago. Have you seen his little nose?

W: Yes, it's so cute! And his fur is really soft!

### **4. What are they doing?**

Boy: Hurry up! Get your books and pencils!

Girl: I'm doing my best! What time is it?

Boy: We've only got two minutes!

Girl: But you know that Mrs. Moore is always late for French.

Boy: Yes, but I want to be there on time! That's the bell! Come on!

### **5. What is the man talking about?**

I play once a week. I really like it. I have a very stressful job, so it's important for me. Sometimes I go alone and other times I play with friends. Some people relax by watching a film or reading a book, but the only time I really relax is when I'm out on the golf course.

### **6. What's the woman's job?**

W: Can you explain what happened?

Boy: Well, I was running downstairs because I was late for school and I missed the last step. It was then that I fell and hurt my ankle.

W: Let's see. Hmm, it looks a bit swollen, but it's not broken. You'll need to rest it for a few days. I'll get one of the nurses to put a bandage on it for you.

### **7. What is the girl doing?**

What's next? Let's see. I need some butter and eggs ... and some chocolate. I'll just taste a little bit. Mmm ... delicious! Now I can put them in the oven. They'll be ready in fifteen minutes!

**8. Where are they?**

- It's too hot!

Here, have some water!

- Thanks. Perhaps we should move into the shade. There's a tree over there. Why don't we go and sit underneath it?

- Good idea! I'm going to cool down in the sea first. Are you coming for a swim?

**9. Who are they waiting for?**

1: This is ridiculous! You know he won't come!

2: You never know! He might turn up one day!

1: I thought you stopped believing in him years ago when our sister told you he didn't exist.

1: I don't believe a word she says. I will always hope to see him on Christmas Eve!

**10. Where are they going?**

- I'm really looking forward to getting there.

- Me, too. Just two more stops and we'll be there.

- How much does it cost to get in?

- About ten pounds, I think. But we can go on as many rides as we like for that.

- Will you go on the rollercoaster with me?

### My experience at Wizz Beach Summer Camp

Listen to Megan telling you about Wizz Summer Camp. Answer the questions after each paragraph.

My name's Megan Louise and I'm 14. I'm from Canada. Last year, I visited England with my family and stayed for ten days at Wizz Beach Summer Camp in Brighton. They were the best ten days of my life!

*Now answer questions 1 and 2 Kort paus*

There wasn't one boring moment! Every day was full of fun. I made so many new friends from different countries. I still keep in touch with Juana from southern Spain, Lene from Denmark and Mark from the US. We email each other and chat on facebook and Mark might come and visit us this summer.

*Now answer questions 3 and 4 Kort paus*

The best thing for me at Wizz Beach Summer Camp was the adventure camp. It was really exciting. Our camp leader, Dan, took us through woods where we saw real live snakes and lizards. I held a snake! It felt really strange! We cooked sausages and burgers on a camp fire and ate fruit that we picked from trees. We learnt how to read maps and use a compass. We also learnt about first aid - you know, what to do if someone gets hurt. Now I know how to put on a bandage!

*Now answer questions 5, 6 and 7 Kort paus*

Another fantastic thing about the summer camp was the enormous water slide. I love the water and had so much fun in the pool with my new friends. We had swimming races, too. I won, of course!

I also went to a few of the drama workshops. I took part in a show for other kids at the camp and the staff. We did a version of 'High School Musical' and I played the part of Sharpay. It was really fun and the audience loved it. They stood up and clapped at the end.

*Now answer questions 8 and 9 Kort paus*

The only bad thing about the summer camp was having to go home at the end of the ten days ... oh, and my brother's cooking! My brother, Sonny, came to the camp, too. He's twelve now. He made some vegetable samosas in the cookery workshop. Samosas are from India. Well, I nearly broke my teeth trying to eat one! It was like eating a rock!

*Now answer question number 10 Kort paus*

Sonny was good at riding the go-karts, though! He went really fast around a track and overtook lots of other kids older than him. The instructor said he should think about becoming a real racing driver when he's older.

*Now answer question number 11 Kort paus*

I will definitely go back to Wizz Beach Summer Camp the next time we go to England but I don't know when that will be. It depends on my dad's work. For now, I've got lots of good memories, some amazing photos and some really great new friends!

*Now answer question number 12 Kort paus*

You will now hear the whole story once again.

**s. 42****Kids talk**

You are going to listen to five kids talking about themselves. While listening, try to fill in the information about each kid and answer the questions.

**Number 1**

I'm David and I'm a cub scout. The Cub Scouts is a group of boys and girls who help out in the city where we live and we do lots of fun things. I go to Cubs on Mondays and I love it, especially when we go camping. I like building fires and cooking on them. It's good fun sleeping in tents, too. We usually go camping about twice a year.

**Number 2**

My name's Josh. On Tuesday evenings I go to our local football ground to get extra goal keeping training. First, we have to warm up and stretch, then, we practise our football skills in groups. The coach watches and helps us. We always stop for a break to drink water, then, we do some more exercises before we cool down.

**Number 3**

I'm Belinda. I have an old doll's house from 1970. I bought it at a second-hand sale. It has seven rooms: two bedrooms, a bathroom, a kitchen, a dining room and a lounge, plus a basement. My mum makes dolls, furniture and food for dolls' houses and sells them on ebay. My little sister, Helen, likes dolls houses, too. She has a toy farm with animals and a toy post office with little dolls.

*Paussignal*

**Number 4**

My name's Jay and I love street dancing. I saw a dance group called Diversity on a TV show once. I thought they were really cool so I started going to dance classes. I have three classes a week. It's great fun and good training. I have a competition next week so I'm practising my moves. I have to wear a helmet because I do a lot of dancing on my head!

*Paussignal*

**Number 5**

I'm Gemma and I love pop music. My favourite band is The Saturdays. I love their music. It's great for dancing. Their new song, '30 Days' is brilliant! It makes me want to throw my arms in the air! I also like Justin Bieber. I hate it when other celebrities say bad things about him. He's a fantastic singer and writer. He's writing a film about basketball at the moment.
